

15kW Solar Folding Container The Best Choice

Solar

Overview

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial applications. Fast deployment in all climates. Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no shading from a remaining container structure. Transportable via standard shipping container, the system achieves full operational capability within 4-6. The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of 130kWp, and can be extended with suitable energy storage systems. The lightweight, ecologically-friendly aluminium rail system guarantees a mobile solution with rapid availability. 4KW Solar with Mounting Rails and Wiring This Package is a great starter package for a Complete Offgrid Home. This Lithium Battery bank will give you 32000 Watts of usable Energy. These are complete PV solar power systems that can work for a home or.
