

Argentinian greenhouse solar panel structure manufacturer

Overview

Nos especializamos en la fabricación de estructuras nacionales y en el suministro de productos de alta calidad para instalaciones fotovoltaicas. Instalación profesional y asesoramiento técnico. Features of Glass Solar Panel Greenhouse: The glass greenhouse boasts a modern and innovative appearance, stable structure, smooth visual lines, and high light transmission capability, capable of reaching over 90%. Additionally, it supports installers in creating efficient solar energy systems and offers a digital platform for seamless order management. We build and operate our own Solar Parks, which generate clean energy that contributes to the decarbonisation of industries. We have a presence in Argentina, Brazil and Mexico, under the same vision: to build a cleaner and more sustainable world. The initiative ****is led by a state energy company**** that, for years, has made the sun its main. We are an international company delivering customized greenhouse systems tailored to meet specific performance objectives.
