

Australian lithium energy storage power supply procurement company

Overview

October 12, 2024: Lead and lithium battery maker Narada Power has signed a procurement contract with a Western Australian energy storage project company to supply lithium battery energy storage systems. Foton Pty Ltd is the sole and exclusive distributor of Cospowers energy storage systems in Australia. Through our exclusive partnership with Cospowers, a Tier 1. 17 December, 2024, Sydney, Australia — Hithium, a leading global provider of integrated energy storage products and solutions has announced the supply of 640MWh of energy storage capacity to Lightsource bp, a global leader in the development and management of utility-scale renewable energy. In an energy storage industry obsessed with chasing the next big thing, we stay focused on what truly matters – delivering outstanding service, expert guidance, local support, and real-world value. The company has deep expertise in all types of renewable energy. Backed by decades of industry experience, DPA partners with leading global brands to deliver dependable energy storage solutions for every application — residential, commercial, and off-grid. We're not tied to any manufacturer.
