

Democratic Republic of Congo Large solar lights for home use

Overview

From Kinshasa to Lubumbashi, our lights are perfect for providing lighting along remote highways and in inner-city neighborhoods. These lights are designed with durability in mind, and we've proven our product on installations around the globe. We specialize in delivering high-quality, reliable, and affordable solar lighting solutions that are specifically designed to meet the unique challenges of the Democratic Republic of Congo. This marked a significant milestone in our commitment to expanding clean energy access across Africa and bringing innovative, reliable. With our extensive range of products, services, and expertise, including Solar Panels, Batteries, Lithium Batteries, Inverters, Charger Controllers (MPPT), Street Lights, Flood Lights, Cables, Fuses, Circuit Breakers, Surge Protection, Bulbs, Solar Panel Supports, and Accessories, in collaboration. Fortune CP provides innovative renewable energy products and services in DRC. These include solar components (solar panels, inverters, batteries), off-grid and grid-tie solar systems for commercial, industrial and residential applications, battery energy storage systems, energy efficient LED. IZUBA is a solar energy company established in the Democratic Republic of Congo and headquartered in Goma / North-Kivu, that specializes in EPCM (engineering, procurement, construction and management) services for grid-tied and off-grid / mini-grid solar PV projects. IZUBA is committed to helping.
