

Europe Network Cabinet Wide Temperature Type

Overview

The sturdy 19" steel construction holds heavy rack-mounted equipment up to 1000 kg (2200 lbs.) and can be secured with a 3-point door lock on the swing handle. This IP55 19" cabinet is available in 27U and 42U sizes. The DeltaVTM Configure-To-Order (CTO) Server and Network Cabinets provide an of-the-shelf solution for faster project execution and reduced installation costs. Significantly reduced cabinet lead. FS provides a portfolio of server racks & cabinets that cater for your needs with a secure and complete infrastructure solution. Beat the competition with our enclosure and case system, distinguished by its simplicity, assembly-friendliness and versatile functions. Small enclosures in a wide range of variants: Polycarbonate enclosures PK, aluminium enclosures GA, small enclosures KX, sheet steel in versions with or without. This European Telecommunication Standard (ETS) has been produced by the Equipment Engineering (EE) Technical Committee of the European Telecommunications Standards Institute (ETSI).
