

Fiji's new solar outdoor power cabinet

Overview

Utilizes surplus solar and hydro energy for battery charging during low consumption periods. Successfully commissioned in March 2024. Supports Fiji's target of achieving 100% renewable electricity and a 30% reduction in greenhouse gas emissions by 2030. Fiji Outdoor Power BESS steps in as a game-changer, offering scalable solutions for industries ranging from solar farms to remote island communities. Bidders are requested to submit. Merging a Solar PV with BESS into an existing Island grid containing 700kW Hydro and Diesel generation. Our innovative technologies make solar possible for households, businesses, property owners and entire communities. Do you know. Naselsele Village, Taveuni – January 24, 2025 – Prime Minister of Fiji H. Sitiveni Rabuka officially commissioned the Mua Solar Farm Project in Naselsele village yesterday, marking a progressive step in Fiji's pursuit of a clean energy future. 5 kW rooftop solar system.
