

Jamaica PV outdoor cabinet 500kWh price

Home Energy Storage (Stackble system)

Product Introduction	
Scalable from 10kWh to 500kWh	LFP battery, safest and long cycle life
Self-Consumption Optimization	Stackable design, effortless installation
Integrated with inverter to avoid the compatibility problem	Capable of High-Powered Emergency Backup and Off-Grid Function

Overview

1075kWh battery storage with 500 kW rated AC output, ideal for commercial and industrial loads. Combines LFP batteries, PCS, EMS, BMS, power distribution, fire protection, and cooling systems in one all-weather unit. 100Ah/150Ah/200Ah, with 100kwh/300kwh/500kwh capacity; BMS Communication matched with almost all types of hybrid energy inverters; Installation is convenient with cable, rack etc Accessories ready in package. Complete set with aluminium rails, mid/end clamps, L-feet, Customized design with CAD. ECE One-stop outdoor solar battery storage cabinet is a beautifully designed turnkey solution for energy storage system. This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage. Additionally, the Jamaica Public Service Company (JPS) offers rebates for solar installations, further reducing the upfront costs for residents and businesses. The Development Bank of Jamaica (DBJ) provides financial support through its Energy Management Loan Program. Transparent pricing, honest service, and expert guidance from start to finish.
