

Leader of Huawei's Photovoltaic Energy Storage Department

Overview

In this exclusive interview with pv magazine, Guoguang Chen, President of Smart PV & ESS Business at Huawei Digital Power, in this, discusses company strategy and recent announcements around FusionSolar, latest technology and product innovations in solar and storage, and more. The Shareholders' Meeting is the company's authoritative body, making decisions on major issues such as the company's capital increase, profit distribution, and selection of the members of the Board of Directors/Supervisory Board. This innovative solution combines safety, versatile grid-forming capabilities, and intelligent management. Huawei's FusionSolar Smart String Energy Storage Solution will power the Red Sea City's off-grid, clean energy needs. The Red Sea Project, a key part of SaudiVision2030, is now the world's largest microgrid with 1.
