

North Macedonia flow battery manufacturer

Overview

German battery manufacturer BMZ will open a new factory in Skopje, North Macedonia, the company's fifth global production site. North Macedonia has been lauded for its ability to attract FDI projects such as that brought in by Germany's BMZ. At Battery Evolution, our mission is to power progress by delivering high-quality, reliable, and innovative battery solutions across the automotive, industrial, and energy sectors. With over 30 years of expertise, we are dedicated to supporting sustainable growth and performance for our partners. The US-based Pomega Energy Storage Technologies, specialising in lithium iron phosphate battery production, will install a 62-megawatt (MW)/104-megawatt-hour (MWh) battery energy storage system (BESS) at the Oslovej 80-megawatt-peak (MWp) solar plant in North Macedonia, operated by the Turkish. That's essentially what lithium battery packs do for renewable energy systems – and Skopje's factories are mastering this craft. Skopje's strategic position. Battery licensing begins as 60 MW milestone nears, and 4 GW of storage proposals await review. The Turkey-based company hired Pomega for the investment. It would make the second-largest photovoltaic unit in the Western Balkans a hybrid power plant.
