

Outdoor portable power supply is popular

Overview

In this guide, I'll break down the best power stations on the market, comparing everything from their battery chemistry (LiFePO4 vs. Li-ion) and charge speed to their capacity and portability. They offer a compelling alternative to loud and smelly generators. And, unlike gas generators, power stations don't emit potentially lethal carbon monoxide fumes and can be recharged with optional solar. Our most popular products based on sales. And, thanks to advances in lithium-ion battery technology, they're also lighter and more compact. Whether you've been dreaming of van life or are building out your emergency kit in advance of that next blackout, there is. We tested out over 40 compact power stations to find out which ones will keep the lights on during blackouts even when you're off the grid.
