

Photovoltaic base aluminum alloy plate manufacturer

Overview

Customized Aluminum Alloy Base Plate For Solar free sample and its quotation and pricelist consultation, China Roof Mounting System manufacturers and suppliers, Welcome to buy our products. The traditional photovoltaic inverter casing adopts 1060, 1070, 5052 (O state), and the new product 3004 aluminum plate of Southeast Aluminum has good formability, weldability and corrosion resistance. For processing parts that require good formability, high corrosion resistance and good. AAG has been deeply rooted in the field of solar PV aluminum profiles for 35 years, one of the initial participants and leaders in the industry with a cumulative supply of aluminum profiles that modules required to hit 240GW. Where do you want to install?

2. Dimension and quantity of your solar modules; 3. They are lightweight and versatile, suitable for various panel types. Ground-mounting solar power systems are installed in a residential yard or any large area with sufficient open.
