

Photovoltaic hollow board raw material sales manufacturer

Overview

As a high-tech enterprise, we specialize in the R&D, production, and sales of hollow board and its derivative products. Committed to a sustainable future, we utilize over 200 cutting-edge production machines, including fully automated production lines and advanced cutting and. Targray solar materials, modules and supply chain solutions are a trusted source for photovoltaics manufacturers, solar suppliers, project developers, contractors, installers and EPCs in over 50 countries. Our solar procurement programs encompass a broad range of material sourcing, trade financing. The Global Photovoltaic Materials Market was valued at USD 12. 84 Billion in 2022 and is projected to reach USD 17. 1% during the forecast period (2023-2029). This growth is driven by increasing global demand for renewable. Do You Have A Construction Project We Can Help With?

Even more countless ideas that have already been implemented. It has provided excellent products and services for more than 2,000 enterprises worldwide. PP hollow sheet (Polypropylene Hollow Sheet) is a raw material blended with polyethylene, extruded through the hollow board production line, the cross-section of the board is lattice-like, so it is also called hollow grid board.
