

Samoaan energy storage solar energy storage enterprise

Overview

EVLO Energy Storage (EVLO), a BESS provider and wholly owned subsidiary of Hydro-Quebec, has completed commissioning of a 4-MW, 8-MWh, 2-hour duration energy storage system, the first of three projects in American Samoa. April 15, 2025 – MONTRÉAL – EVLO Energy Storage Inc. The 2-hour duration BESS marks the first of three projects that EVLO will be commissioning in the territory, in collaboration with solar energy service. The first of three storage projects is completed, enabling the island to integrate its solar energy production and enhance grid reliability. In. Tesla battery energy storage system (BESS) specialists are on the ground assisting Samoa's Electric Power Corporation (EPC) engineers to ensure its batteries are operating to support Samoa's energy needs during the country's current power crisis. At \$300 million, the project clocked in at \$450/kWh.
