

Uruguayan energy storage module equipment manufacturer

Overview

We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services. What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage. With 98% of its electricity generated from renewables (World Bank, 2023), Uruguay has become a laboratory for photovoltaic (PV) energy storage innovation. The country's lithium battery brands now serve three core markets: Did you know?

Uruguay's lithium reserves rank among South America's top 5. rgy Storage. Container Up to 3256kWhCanPower containerized energy storage solutions allow flexible installation in various applications including marine, industrial equipment, sho. The country's electricity matrix is highly renewable, with over 97% of its power generated from renewable sources.
